

*Thanks for purchasing our Mingle Box!!*

*Baking Instructions:*

*Pre-heat oven to 350*

*All appetizers can be baked at the same temperature, un-covered. They all take approximately 20 min to heat! Transfer into serving dishes or just dive right in.*

*Top the Baked Brie with pecans provided prior to baking.*

*Top the Spinach Dip with crispy onions after baking.*

*Top the Chicken Skewers with one of the glazes provided – these can also be used as dipping sauces.*

*Garlic Naan should be heated in the foil packaging.*

- If you choose not to enjoy all the appetizers at one time they will keep in the refrigerator for 3 days- they can also be frozen and then heated after thawing.*
- If you have added on the Sangria kit, just mix the full bottle of wine and full bottle of sangria mix in a pitcher, serve over ice. You can also prepare a half recipe using half the wine and half the mix. Sangria gets better with age, so feel free to keep the pitcher of sangria in your fridge for a day or two!*

*Thanks again for your support! Have a wonderful Christmas season.*
